

CLIMATE DECLARATION FOR DE CECCO DURUM WHEAT SEMOLINA PASTA

Declared unit: 1 kg of packed pasta

The climate declaration shows the emissions of greenhouse gases, expressed as CO₂-equivalents. It is based on verified results from a lifecycle assessment (LCA) performed as basis for an EPD®, in accordance with ISO 14025.

Product

This is a climate declaration of De Cecco durum wheat semolina pasta, produced in Italy and packaged in 500 g propylene film for the Italian market and windowed cardboard cartons for the North American market.

Company

De Cecco company is synonymous with high-quality pasta and the De Cecco group boasts a turnover in excess of 411 million euro.

Climate declaration

The production system considered in the study includes the following production phases:

Upstream:

1. Wheat cultivation and transport
2. Milling
3. Packaging

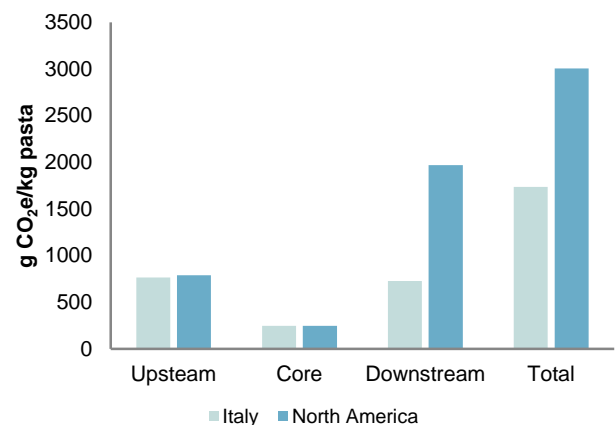

Core

1. Pasta production

Downstream

1. Distribution
2. End-of-life of packaging
3. Cooking

The impact is presented below in grams of carbon dioxide equivalents per kg of packed pasta below for Italy and North America.

Other environmental information

This declaration is limited to one environmental impact category. Information about other environmental impacts of the product is available in the EPD, available at www.environdec.com.
