

Environmental Product Declaration

In accordance with ISO 14025:2006 and EN 15804:2012+A2:2019/AC:2021 for:

Hinges FULCRA

from

GIESSE S.p.A.

Programme:	The International EPD® System, www.environdec.com
Programme operator:	EPD International AB
EPD registration number:	S-P-08400
Publication date:	2023-04-07
Revision date	2024-07-09
Valid until:	2028-04-05

An EPD should provide current information and may be updated if conditions change. The stated validity is therefore subject to the continued registration and publication at www.environdec.com

General information

Programme information

Programme:	The International EPD® System

Accountabilities for PCR, LCA and independent, third-party verification
Product Category Rules (PCR)
CEN standard EN 15804:2012+A2:2019 serves as the Core Product Category Rules (PCR)
Product Category Rules (PCR): Construction products, PCR 2019:14 (EN 15804:A2+A2:2019), version 1.2.5
PCR review was conducted by: The Technical Committee of the International EPD®System. Chair: Claudia A. Peña. The review panel may be contacted via info@environdec.com
Life Cycle Assessment (LCA)
LCA accountability: Valerio Venturi valerio.venturi@tyman.com GIESSE S.p.A. https://www.tyman-international.com ; Federica Gilardelli f.gilardelli@greenwichsrl.it Greenwich S.r.l. https://greenwichsrl.it
Third-party verification
Independent third-party verification of the declaration and data, according to ISO 14025:2006, via: <input checked="" type="checkbox"/> EPD verification by accredited certification body Third-party verification: DNV Business Assurance Italy S.r.l. is an approved certification body accountable for the third-party verification The certification body is accredited by: Accredia
Procedure for follow-up of data during EPD validity involves third-party verifier: <input checked="" type="checkbox"/> yes <input type="checkbox"/> no

The EPD owner has the sole ownership, liability, and responsibility for the EPD.

EPDs within the same product category but registered in different EPD programmes, or not compliant with EN 15804:2012+A2:2019, may not be comparable. For two EPDs to be comparable, they must be based on the same PCR (including the same version number) or be based on fully-aligned PCRs or versions of PCRs; cover products with identical functions, technical performances and use (e.g. identical declared/functional units); have equivalent system boundaries and descriptions of data; apply equivalent data quality requirements, methods of data collection, and allocation methods; apply identical cut-off rules and impact assessment methods (including the same version of characterisation factors); have equivalent content declarations; and be valid at the time of comparison. For further information about comparability, see EN 15804:2012+A2:2019 and ISO 14025:2006.

Company information

Owner of the EPD: GIESSE S.p.A.

Contact: Valerio Venturi valerio.venturi@tyman.com and Giovanni Liconti giovanni.liconti@tyman.com

Description of the organisation: Giesse is the brand that opens up new hardware solution frontiers for aluminium windows and doors. Technical innovation and extremely high quality are at the core of our daily work. Our focus is on achieving complete customer satisfaction, from design and production to providing our clients with a trusted partner, every step of the way.

GIESSE S.p.A. was founded in 1965 and in 2016 it was acquired by Schlegel, a leading English company in the sealing systems sector. Both companies are part of the international division of Tyman PLC, a group listed on the London stock exchange, with a commercial network capable of reaching customers in over 100 countries and offering them the highest degree of satisfaction, a wide range of standard components and boasts over 150 registered patents.

Product-related or management system-related certifications: ISO 9001:2015 and ISO 14001:2015 certificates, Cradle to Cradle Certified® Silver, Product certification RAL-GZ 607/3.

Name and location of production site: GIESSE S.p.A. Via Tubertini 1, 40054 Budrio (Bologna BO), Italy.

Product information

Product name: hinge FULCRA

Product identification: Fulcra 00758, Fulcra 00759, Fulcra 00762, Fulcra 00703, Fulcra 00702, Fulcra 00700, Fulcra 00761, Fulcra 00760, Fulcra 00701

Product description: Clamp door hinge for profile with channel and adjustable in three directions (height, width and compression). Thanks to the innovative adjustment system (patented) the two hinge bodies are always kept in line regardless of the sideways shift performed.

Hinge suitable for doors subject to intensive use (use category 4* - heavy duty use). The innovative adjustment system (patented) makes it easier and more accurate to align the sash to the frame, always ensuring the perfect alignment of the two hinge bodies. Fixing plates of special geometry guarantee the firmest possible attachment on both sides of the profile channel. The additional

strengthening screws on the frame plate increase the slip resistance. The height adjustment device also acts as an axial bearing, increasing the resistance to fatigue of the hinge (durability grade 7* - 200,000 opening cycles). Adjustments in the three directions: - Side adjustment (± 2 mm.), using an Allen key on the eccentric pin, then locking it in the desired position by means of two grub screws. - Height adjustment ($0/+ 3$ mm.), using an Allen key on the grub screw integral with the frame hinge body. - Compression adjustment ($\pm 0,5$ mm.), obtainable by turning the eccentric bush in the frame hinge body.

(*) Complies with EN1935

UN CPC code: 4212

Geographical scope: Europe

LCA information

Functional unit / declared unit: 1 kg of hinge

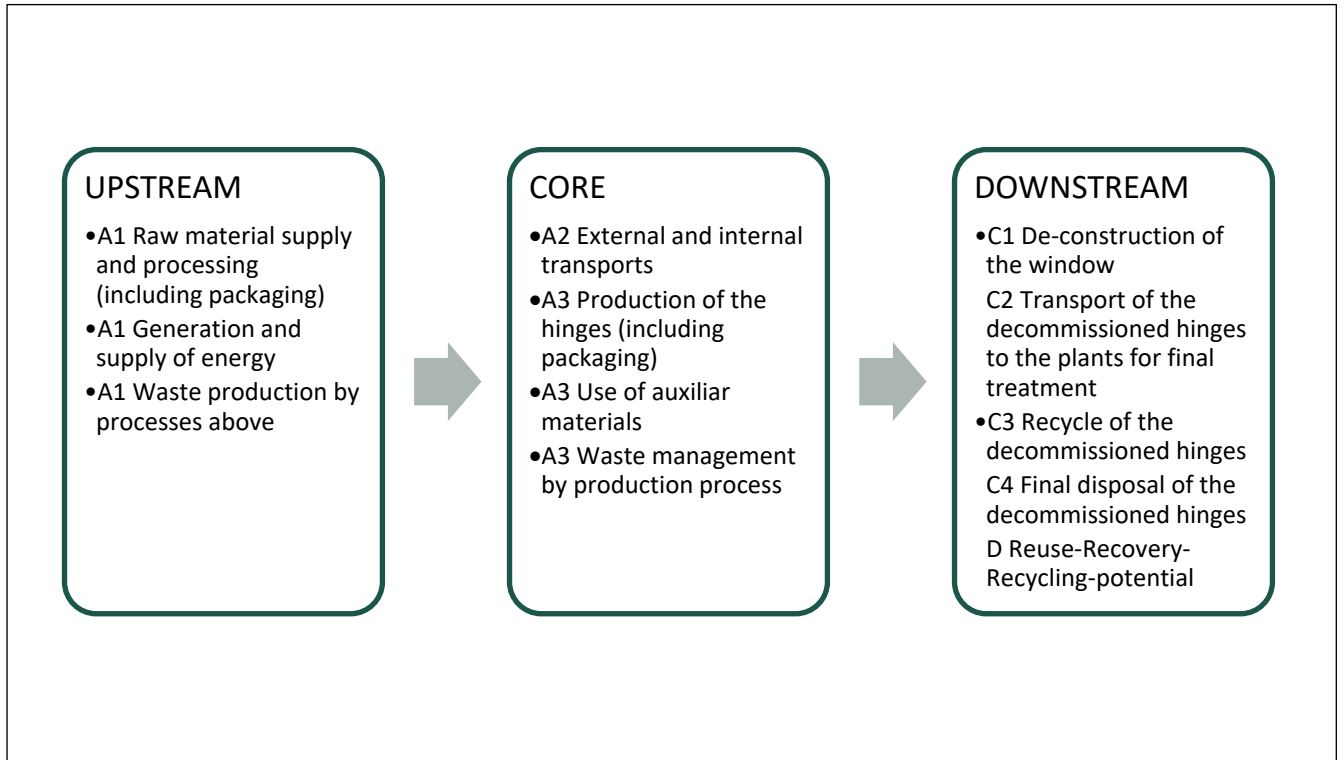

Time representativeness: 2022

Database(s) and LCA software used: SimaPro 9.5.0.2 and Ecoinvent 3.9.1

Description of system boundaries: Cradle to gate with modules C1–C4 and module D (A1–A3 + C + D).

The current EPD certificate follows the indications reported in the third option of paragraph 4.6.1 of the reference PCR (2019:14 Construction products), which considers the results of the “worst-case product”. The General Programme Instructions (GPI) of the International EPD System version 4.0 are also contemplated.
