

WOOD AND WOOD-BASED PRODUCTS FOR USE IN
CONSTRUCTION (EN 16485:2014)

PCR 2012:01-SUB-PCR-E

INTRODUCTION

This Sub-PCR complement the PCR 2012:01 *Construction products and construction services* version 2.31, available at www.environdec.com, with additional rules and methodological instructions by referring to the standard EN16485:2014. Please note that this Sub-PCR cannot be used as a PCR on its own, but is intended to be a further specification of and to be used together with PCR 2012:01, the main implementation of EN 15804 in the International EPD System. See Figure 1 for the role of this sub-PCR document and EN16485:2014.

For further description of the function of a sub-PCR see Section 8 of PCR 2012:01.

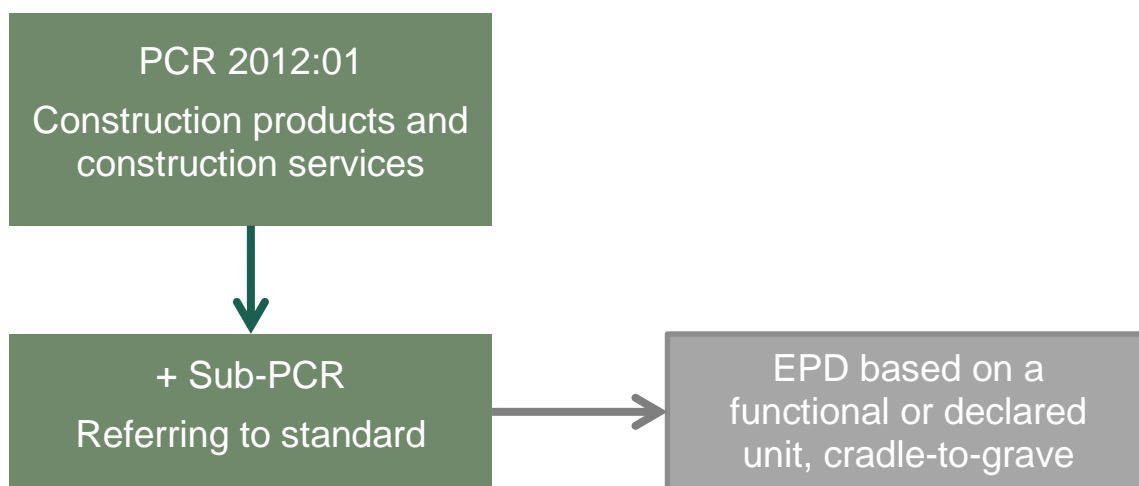

Figure 1 - Overview of PCR 2012:01 and this sub-PCR (E) to create an EPD

The standard EN16485:2014 was developed within Comité Européen de Normalisation (CEN) and its content was adopted to the International EPD system in accordance with the General Program Instructions (GPI) 3.0, p19.

This Sub PCR was developed with the following procedure:

1. Compliance check of EN16485:2014 by the Secretariat
2. Development of Sub-PCR
3. Approval of adoption (Technical Committee of the International EPD® System)
4. Publication on www.environdec.com

1 GENERAL INFORMATION

Name:	Wood and wood-based products for use in construction
Registration number and version:	PCR 2012:01-Sub-PCR-E
Programme:	 The International EPD® System
Programme operator:	EPD International AB, Box 210 60, SE-100 31 Stockholm, Sweden. Website: www.environdec.com E-mail: info@environdec.com
PCR moderator:	International EPD® System info@environdec.com
Date:	2021-11-08
Valid until:	2022-02-28 The validity of this sub-PCR is dependent on the validity of PCR 2012:01 <i>Construction products and construction services</i> .
Schedule for renewal:	A PCR document may be revised during its period of validity provided significant and well-justified proposals for changes or amendments are presented. If a new version of EN 16485 is released, an update of this Sub-PCR will be initiated.
Sub-PCR to be used together with:	PCR 2012:01 Construction products and construction services version 2.34

2 DEFINITION OF THE PRODUCT GROUP

This sub-PCR includes “all wood and wood-based construction products as well as related construction services for buildings and other construction works”, as stated in EN16485:2014.

3 RULES AND METHODOLOGY

For additional rules and methodological instructions to PCR2012:01 *Construction products and construction services (EN15804)*, this Sub-PCR refers to EN16485:2014 *Round and sawn timber – Environmental Product Declarations – Product category rules for wood and wood-based products for use in construction*. This includes all the instructing sections (section 6-9), containing instructions regarding areas such as:

- Functional unit
- Declared unit
- System boundaries
- Allocation of input flows and output emissions
- LCA-related elements of the project report

5 CHANGES IN THIS SUB-PCR DOCUMENT

VERSION 2018-01-22

Original version, based on PCR 2012:01 *Construction products and construction services*, Version 2.2, referring to EN 16485:2014 *Round and sawn timber – Environmental Product Declarations – Product category rules for wood and wood-based products for use in construction*

VERSION 2018-11-16

- Updated validity to 2020-03-03 to align with version 2.3 of PCR 2012:01
- Editorial changes

VERSION 2018-11-22

- Replaced reference to standards with a reference to PCR 2012:01.

- Minor editorial changes

VERSION 2020-02-18

- Updated validity to 2020-09-01 to align with version 2.31 of PCR 2012:01.

VERSION 2020-07-02

- Updated validity to 2020-12-31 to align with version 2.32 of PCR 2012:01.

VERSION 2020-09-18

- Updated validity to 2021-12-31 to align with version 2.33 of PCR 2012:01.

VERSION 2021-11-08

- Updated validity to 2022-02-28 to align with version 2.34 of PCR 2012:01.
